Kindersley & District CO - OP PRESENTS.....

kid's korner

Following a thought provoking time out in the corner, my four year old announced,

"When I grow up I'm gonna live in a round house."

As we were test driving a new 4x4 truck our ten year old son in the back seat commented on how good the truck sounded. His sister who is 12 said she didn't like the sound that much.

"Of course not" he said
 "You have girl ears!"

Random Excuses For Not Going to Work

- I won't be in today because I have come down with Spring Fever.
- My car ran out of gas on the way to work. I was pushing it to a gas station and I got a stomach hernia and I have to go to the doctors.
- I won't be coming in today, I've spent my last cent playing online bingo and I don't have any money left for the bus. Don't worry; I'll try to win it back today while I'm off!
- Excuse me sir, but I won't be in today. My home is flooded and I'm currently standing on my dresser in my second story bedroom. Thanks and have a nice day.
- I can't come into work today because of eye trouble.... I can't see working today.
- If it is all the same to you, I won't be coming in to work. The voices told me to clean all the guns today.
- I am stuck in the blood pressure machine down at the Pharmacy Store.
- Constipation has made me a walking time bomb.
- The dog ate my car keys. We're going to hitchhike to the vet.

Straight from the Horse's Mouth

Meaning:

Verifiably accurate information

Origin:

It has nothing to do with a horse speaking of course. A horse's age can more accurately be judged by looking at its teeth. So if you were buying a horse, you would do better to look at the horse's mouth than rely on any information about its age that the vendor might give you.

You're no longer cool when...

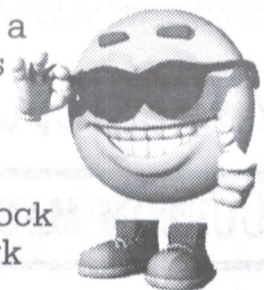

You find yourself listening to talk radio.

Your daughter says she got pierced and you look at her ears.

The pattern on your shorts and couch match.

You fondly remember your powder blue leisure suit.

You think Tragically Hip is when a middle-aged man gets a new sports car, hair piece and a 20 year old girlfriend.

You turn down free tickets to a rock concert because you have to work the next day.

When jogging is something you do to your memory.

Getting a little action means your prune juice is working.

You bought your first car for the same price you paid for your son's new running shoes.

You actually ASK for your father's advice.

Tax Tips

Claim your income: Any child under 18 who works part time or full time during the summer months may be entitled to a refund of taxes paid if their income is below the basic personal amount. Even if no tax is deducted, reporting the income will increase the child's RRSP contribution limit for future years.
